Assignment – Short Story (Fiction)

Write a short horror story (600-800 words) that includes the following elements:

- Something “uncanny”.
- Foreshadowing.
- A character whose personality is both shown (indirect characterisation) and told (direct characterisation).

Additional guidelines:

- Think about the tone of your short story, and try to use descriptive language to match that tone.
- Try to add unique elements to your story that will make it stand out from other horror stories.
- Think about whether your story is an exploration of one overall theme, and try to include lines that make this theme as clear as possible.
